

Dear

We welcome you to our family of fine patients who have enhanced their quality of life through chiropractic's natural health methods. Thank you for your confidence in selecting us as your family Doctor of Chiropractic.

Most people are unaware that chiropractic has just celebrated its 100th year anniversary. Despite the opposition of organized medicine, it has become the largest drugless, healing profession in the world.

The reason for this growth is very simple; chiropractic works. Your body has an incredible ability to heal itself when given the opportunity to do so. By relieving interference to your nerve system through specific chiropractic adjustments, your body will function better and begin to heal. The result will be a healthier, pain free, drug free life. Please follow our recommendations so you can achieve your desired result as quickly as possible. While our friendly, open environment provides efficient care with minimal waiting, we are always available for private consultations and adjustments. Just inform us, and this will be arranged.

We will be happy to answer any questions concerning your health care. We take pride in ourselves for having many satisfied patients.

As you experience results and gain confidence in our office, please share chiropractic with your family, coworkers and friends, so that they too, can improve their health and quality of life.

Yours in the interest of better health,

Dr. _____
